Dear Industry Colleagues,

We invite you to attend our 19th annual international conference at the Westin Hotel in Ft. Lauderdale, Florida on November 3-6, 2022.

The 2022 IFATS meeting will once again be a “hybrid” format allowing for both in-person and virtual attendance.

The 2021 meeting in Ft Lauderdale was well attended both in person and on-line, with many exciting speakers. Additional sessions focused on diverse fields such as Cardiology, Neurology, Orthopedics, and, of course, Plastic and Reconstructive Surgery, provided up-to-date perspectives on Adipose Regenerative Medicine. Furthermore, by incorporating virtual attendance options, IFATS expects to set a new record in total attendees.

At this year’s meeting, we will continue to expand the role of IFATS industry members and colleagues as vital participants in the conference. To that end, the IFATS Industry Relations Committee will contribute directly to the IFATS Program Organizing Committee. IFATS will continue to highlight the best in cutting edge industry technologies, materials, and techniques in exhibitor-oriented panels designed to maximize interaction with academic/clinical members. These industry sponsored sessions will provide a venue for exhibitors to educate the audience about new scientific and technical developments from their unique perspective.

We will again invite leading clinicians and researchers in the fields of adult adipose stem cell research and adipose grafting. This year, under the presidential leadership of Torsten Blunk, PhD, (University of Wuerzburg), IFATS panel discussions will focus on international cell therapy advances, practices, clinical translation, and regulations, giving attention to activities ongoing in regenerative medical applications.

At our basic exhibitor level, we will again offer two members of each team full access to our lectures and presentations and the opportunity to host small private events with conference attendees in the hotel. As an additional venue for direct interaction with attendees, we will offer the opportunity for industry to take part on the program in the Industry Showcase and/or the Industry Roundtable section. These sessions have been received enthusiastically by IFATS members in the past and will be a welcome change from the social

distancing experienced in Zoom conference calls. We encourage you to consider participating as either a sponsor or as a mentor. Those companies that elect to support IFATS 2022 as Sponsors will qualify for additional registration badges. Should a company elect to distribute such registration benefits to an affiliated surgeon or investigator, the company’s sponsorship will be noted on that attendee’s badge. Additionally, IFATS 2022 includes opportunities for its Industry partners to support the meeting by sponsoring meals or special events. Additional benefits will be made available for Platinum and Diamond level sponsors, including access to a conference room for on-site events.

IFATS continues to strive to provide its members with an international conference venue that is committed to fostering interactions among researchers, clinicians, and technology companies that will grow our field and expand our reach to other specialties.

We hope that you will provide your support to our educational efforts at IFATS 2022. Please feel free to discuss the IFATS meeting and your specific industry needs with any one of us before or during the meeting. We look forward to seeing you in Ft. Lauderdale!
