# IFATS

International Federation for Adipose Therapeutics and Science

Dear Industry Colleagues,

We invite you to attend our 16th annual international conference at the Cosmopolitan of Las Vegas in Las Vegas, Nevada on December 13-15, 2018.

We had a great conference last year in Miami Beach, Florida with many exciting speakers, including an unforgettable lecture by Bernie Siegel, Executive Director of the Regenerative Medicine Foundation. Other keynote lecturers from diverse fields such as Endocrinology, Genomics, Orthopedics, and, of course, Plastic and Reconstructive Surgery, gave us their perspectives on Adipose Regenerative Medicine. Based on each year's continued growth, we fully expect to surpass Miami's high attendance levels in Las Vegas.

At this year's meeting, we are taking steps to aggressively expand the role of IFATS industry members and colleagues as vital participants in the conference. To that end, an IFATS Industry Relations Committee has been convened to provide guidance and suggestions to the IFATS Program Organizing Committee. IFATS will continue to highlight the best in cutting edge industry technologies, materials, and techniques in exhibitor-oriented panels designed to maximize interaction with academic/clinical members. These Ask the Expert sessions will provide a venue for exhibitors to educate the audience about new scientific and technical developments from their unique perspective.

We will again invite leading clinicians and researchers in the fields of adult adipose stem cell research and adipose grafting. This year, to reflect the presidency of Dr. Kotaro Yoshimura, panels will focus on international cell therapy advances, practices, and regulations, giving particular attention to regenerative medical activities in Asia.

At our basic exhibitor level, we will again offer two members of each team full access to our lectures and presentations and the opportunity to host small private events with conference attendees in the hotel. As an additional venue for direct interaction with clinicians, we will offer the opportunity for industry sponsors to host our "Ask the Expert" lunch tables. A variation of these sessions were started two years ago and have been received enthusiastically by IFATS members. We encourage you to consider participating as either a "Ask the Expert" sponsor or as a mentor. Those companies that elect to support IFATS 2018 as Sponsors will qualify for additional registration badges. Should a company elect to distribute such registration benefits to an affiliated surgeon or investigator, the company's sponsorship will be noted on that attendee's badge. Additionally, IFATS 2018 includes opportunities for its Industry partners to support the meeting and highlight their company's support by sponsoring meals or special events.

IFATS continues to strive to provide its members with an international conference venue that is committed to fostering interactions among researchers, clinicians, and technology companies which will grow our field and expand our reach to other specialties.

We hope that you will provide your support to our educational efforts at IFATS 2018. Please feel free to discuss the IFATS meeting and your specific industry needs with any one of us before or during the meeting. We look forward to seeing you in Las Vegas!

Sincerely,

**The IFATS Industry Relations Committee**
